

## (2) Reasons Energy Savings Venturis can save you money and make your job a little easier.

Reduce your energy costs **up to 30%** with the field-proven, patented\* Energy Savings Venturi. It has revolutionized the approach to pneumatic conveying systems where a continuous stream of material is desired.

Roof mounted Energy Saving Venturis

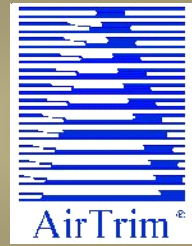

1. For single pressure blower systems, the Energy Savings Venturi allows reduction of blower brake horsepower to lower your energy costs.
2. For multiple pressure blower systems, the Energy Savings Venturi often permits reducing the number of blowers in your system therefore, lowering your energy costs.

- Energy savings up to 30%
- Obtain maximum system performance
- Easily retrofits on existing systems
